excellence in dental care

dentistry and your needs

Whatever your dental need, comprehensive dentistry is available at Innovative Dental.

Within today's dentistry there are a wide variety of choices when it comes to deciding on the dental treatment that is right for you, it can be quite challenging!

Here at Innovative Dental we pride ourselves on educating our patients thoroughly during their consultation and treatment phases.

Only when you understand the need for the recommended treatment can you really be confident about the choices that we may ask you to make.

your dental choice

Regular dental care is a life-long commitment that you should give to your overall health.

The investment that you make in regular visits for examinations and professional cleans can help to avoid costly and time consuming dental treatments.

With this in mind regular oral care makes sense... prevention and care results in a happy and confident you!

repair and improvement

Almost every person at some point in their lives requires corrective dental treatment. Whether this is to repair a broken tooth, a diseased tooth or maybe even replace a tooth that's been lost due to extraction or trauma.

In some cases the treatment may be elective; you may like to improve your smile slightly, even dramatically. The majority of the treatments available today are aesthetically tested to ensure that they go unnoticed, sometimes even to the trained eye!

With the latest procedures and technologies readily available you can be sure that here at Innovative Dental your needs will be met.

- Tooth Coloured Fillings
- Inlays/Onlays
- Crowns and Bridges
- Veneers
- Implants
- Root Canal Treatment
- Tooth Whitening
- Full mouth re-constructions
